

Tifway 419 Bermuda

Combining toughness with beauty, Tifway 419 has been the most popular sports turf for the last 40 years.

Tifway 419 is the choice of the Los Angeles Dodgers.

Its dense, rapidly spreading growth habit means quick recovery from injury, making it one of the most durable hybrid bermudas. Tifway 419 also offers a darker green color than previous varieties of Tifway, has a finer texture than Tifway II and soft blades for excellent cushion. Tifway 419 tolerates close mowing and is highly disease resistant. For use on golf fairways, roughs, surrounds, sports fields, and commercial and residential lawns.

FEATURES AND BENEFITS

Color

- > Beautiful dark green.

Texture

- > Medium-fine, slightly finer than Tifway II yet not as fine as Tifgreen 328.

Performance

- > One of the most durable hybrid bermudas.
- > Recovers quickly from injury with vigorous, dense growth habit.
- > Tolerant of heat, heavy foot traffic and drought.
- > Fine texture and soft blades provide a soft cushion.
- > Tolerates close mowing and a wide range of mowing heights.

- > Highly resistant to disease.
- > Tolerates some frost and has an early spring green-up.

Climate

- > Thrives in warm to hot climates, USDA zones 7 to 11.

Shade Tolerance

- > Not shade tolerant, requires full sun all day.

Maintenance

- > Moderate level of maintenance required.
- > Fall overseeding may be required in cold winter climates.

Mowing

- > 3/8" to 1-1/2".

TIFWAY 419 AT A GLANCE

- > Excellent durability and wear tolerance.
- > Recovers quickly from injury.
- > Highly disease resistant.
- > Tolerates low mowing.
- > Dark-green color.
- > Medium-fine texture.
- > Drought tolerant

West Coast Turf— A Full-Service Company

We ship anywhere in the world! Our fleet of refrigerated trucks are standing by to deliver your turf fresh and ready to plant. We can also prepare your turfgrass for shipping by air to any overseas destination. Your turf will arrive healthy and on time. We are also offering Field Removal and TopMaker field recycling services for leveling, cleaning, dethatching, and renovating turf areas, bringing the surface to perfect condition!

How To Specify Tifway 419 **When ordering, please specify sod or stolons. Sod options are regular, big-roll, thick-cut, washed, and overseeded. Ask about our custom growing service for special turfgrass blends. Other options available from West Coast Turf are expert installation and shipping anywhere in the world.**

Options

- > **Regular sod comes in 16" x 72" rolls or 24" x 60" with 1/2" of soil. Each weighs approximately 45 pounds. Great for normal conditions.**
- > **Big-roll sod is 42" x 105', allowing large areas to be sodded quickly and efficiently. Great for large sports fields, parks, and cemeteries.**
- > **Thick-cut sod has up to a 2" soil base that provides anchorage for the sod until its roots knit to the subsoil. Ideal for renovating a sports field that needs to be back in play within a few days.**
- > **Washed sod has had soil removed from the roots to help eliminate sod-to-soil incompatibilities and to help the sod knit to the soil faster. Reduces shipping weight.**
- > **Overseeded sod is perfect for fall-season installation. No need to overseed! Stolons are broadcast like seed on a prepared bed. Installation is easy and inexpensive.**

We can install your new sod!

For any type of project, no matter the scope or location, our skilled crews will use their specialized high-tech equipment to install your new turf quickly and dependably. You can count on our experts to get the job done right the first time.

We can grow your special blend!

Need a specific blend or mix of turfgrass? Our expert farm crews can grow sod to meet your specific requirements—and on time. **Plus...**SOIL BURST fertilizer and Endurant Turf Colorant also available.
